ANNING FOR SCHOOL GROWTH — Dr. H. M. Ivy, center, of Associated Consultants in firm retained by the Bay St. Louis Municipal School District for advice on preparing for anticipated pupil influx, confers with school and city officials on inspection trip here Monday. Also School Trustee J. W. Watts, R. L. Hamilton, school board president, Dr. Ivy, City Clerk J. Cyril Glover and Superintendent J. D. McCullough. Tentative deadline for completion of study to guide the system in building is April 1. The firm made the original school design for the Bay.

board of supervisors retained a New Orleans architectural firm for a preliminary survey of Courthouse property. Two more planning consultants will be retained on a second one, perhaps until regular staff with allied services; and this end of the Mississippi coast would get more tourist trade coming into the state and should preserve its natural resources to that end.

"Any planning program getting assistance through the A and I Board is going to be practical," he assured the board, asserting allied restrictions would not hamper any industry coming in. Not all of the county is suitable for residential development, he observed, and subdivision regulations which have particularly concerned the board could be formulated and adopted in a short time. Zoning, he said, might take six months but some interim regulations could ease that headache.

"Nothing it (a comprehensive master plan) would do would stifle beneficial growth," Bunting declared. Supervisors could assure their constituents, he con-

Pass I. man held in burglary

A Pace Christian Island resident, William Garrity, about 40, is being held to Hancock County jail on charges of possession of narcotics and burglary at Fabey Drug Store Monday night. Chief Deputy Sheriff Gerald V. Price, Jr., said yesterday. The man, who works on the Calipatria, is being investigated as a suspect in a narcotics theft from Waveland Drug recently.

Garrity was arrested on U. S. 90 near Nicholson Avenue by Deputy Gerald Favre about 4:30 a.m. Tuesday on a charge of driving while intoxicated and without a permit. He was fined for reckless driving before Beat 5 JP Nels Rhoden and released but when Deputy Price checked his belongings to return to him a quantity of narcotics was located.

The man was re-arrested on the other two charges and Charles Thomas, proprietor of Fabey Drug, identified the box of morphine sulphate, dophine hydrochloride and liquid morphine and dophine hydrochloride as that having been taken from the store Monday night. Further investigation disclosed two bottles of dilaudid in his shoes, one with 97 tablets and the other with 32.

Price said Garrity has admitted orally to being in and out of Fabey Drug recently but will not sign a statement and has told Deputy Gerard Freeman he was in Waveland Drug. Price and Freeman are working on the Waveland incident and the state narcotics authorities are due shortly to aid with the case.

Eye MTO computing

Computing needs of the Mississippi Test Operations will occupy a group of about 20 NASA and private contracting representatives at a conference today at the Gainesville headquarters.

A date reduction center will be located at MTO to take vital results from the static test stands when rockets are ground tested. Results will be studied at MTO and transmitted to NASA's computing facility at Sil-

43 relocation plans are told

Construction of the first strip of Interstate 10 in Mississippi will be in Hancock County and it's conceivable it will begin before the end of this year, Highway Commissioner John D. Smith told a public hearing on relocation of State Rt. 43 Wednesday morning at the Courthouse.

The route of Super 10 is firm, he said, give or take a few hundred yards in one location or another, and will be south of the NASA test site as close as practical to the present U. S. 90.

Smith indicated concurrence with a proposal advanced by Mayor John A. Scafide of Bay St. Louis and Dix Ashman, representing the Hancock County Chamber of Commerce and the Coast Motel Assn., to shift the route more southerly to utilize the present Rt. 43 from Westport to U. S. 90, then swing back northerly. But he cautioned that any change in the present plans would delay start of any work on the project.

The highway commissioner was here principally to talk on NASA's plans for moving 43 as well as to expound on some of his thinking about constant urging to four-lane 90 all the way through Mississippi. The session along with one Tuesday afternoon in Biloxi was arranged by the Mississippi Coast Highway Improvement Assn., of which Walter J. Phillips is president.

NASA's relocation proposal for 43 which would bring it from Picayune to Kiln in a wide arch to the east of the buffer zone drew articulate opposition from Beat 1 Supervisor H. G. Dean. He objected to the long way around Kiln from Pearlington to Picayune would work a hardship on the economy of that area, noting Pearlington fishing camp draw heavily on trade from Picayune, Columbia and points due north.

J. F. Brownlee, district highway engineer, explained that at a conference with officials of the U. S. Bureau of Public Roads

Let job for HNC 4-unit addition

Bond Construction Co. of Picayune was awarded the contract for a four-classroom addition to Hancock North Central School when the county board of education met last Thursday.

Action came on the motion of Trustee S. P. Powell, seconded by E. P. Orte, after Dalton Shouards, architect for the project, recommended Bond's bid of \$54,500 as being low.

William R. Bond, the contractor, agreed to include the windbreak to be erected between the gymnasium and high school building in the price although he had figured it in the \$8 bid.

Legion OKs volunteer fire plan

The American Legion endorsed establishment of a volunteer fire department for Bay St. Louis at its membership meeting last Thursday night and established a 15-member committee to help put it into effect.

Named temporary chairman was Lucien Kidd who, as Bay civil defense director, has been trying to push such a unit for at least two years.

The plan is to call a meeting for representatives of all civic organizations in the near future. These men would seek recruits from their clubs to form the nucleus for the unit.

Others on the Legion committee are V. A. Frankiewicz, George Minnick, E. C. Peterson, Warren Buehler, Edward Murtagh, Harold Saucier, George Werling, Russell Elliott, Gilbert Cayat, Tom Bressler, Jake Ramage, Chester Favre, John Wilkinson, Emery Favre, Herman Lott and Mayor John Scafide.

Kidd noted that it was through a similar Legion effort that the Hancock County Blood Bank was established several years ago.

Hewes for a hearing on the temporary injunction against the Hancock County Election Commissioners sought in a suit seeking more equitable redistricting of Hancock County. The suit was filed last week by three Bay St. Louis residents, Powell Glass, Jr., Dr. Andrew K. Martinolich, Jr., and William L. Argus.

Rescue trio adrift

Battling turbulent seas, rain and heavy winds for some three hours Monday night, John Christiansen and Buddy Edwards managed to rescue three Ocean Springs fishermen adrift in their boat around 2,000 yards out in the Mississippi Sound opposite Carter Episcopal Day School.

Chief Deputy Sheriff Gerald V. Price, Jr., identified the men as David Booth, Rudolph Johnson and Sime Hernandez who left Ocean Springs early that morning aboard the Party, 24-foot oyster boat owned by Ocean Springs Seafood Company.

They were bound for oysters on the Pace Christian reef when their battery went out, Price said. Another boat came alongside to take the battery for charging. Meanwhile the storm came up and the Party started drifting and broke her anchor. The trio aboard tried to make a cross piece with wood to hold it but that appeared not to work.

The sheriff's force and most of the Beach kept an eye on the boat as the storm worsened and (Cont. on Page 6.)

HIGH AND DRY — Collie I, 100-foot barge property of a Pascagoula paper company, reposes with propeller buried in sand at Clermont Harbor after Monday's high winds and waves swept the vessel shoreward. The barge, one of the largest ever to be built, had been anchored near the channel as rising winds made triple load difficult to handle, but was blown from its mooring.

Four different ways to make going more fun than getting there

You can see why one of America's favorite outdoor sports is driving Chevrolets, with four entirely different kinds of cars to choose from. There's the *Jet-smooth Chevrolet*, about as luxurious as you can go without going overboard in price; the low-cost *Chevy II*, a good-looking car that would send any family packing; another family favorite, the sporty *Corvair*, whose rear-engine traction

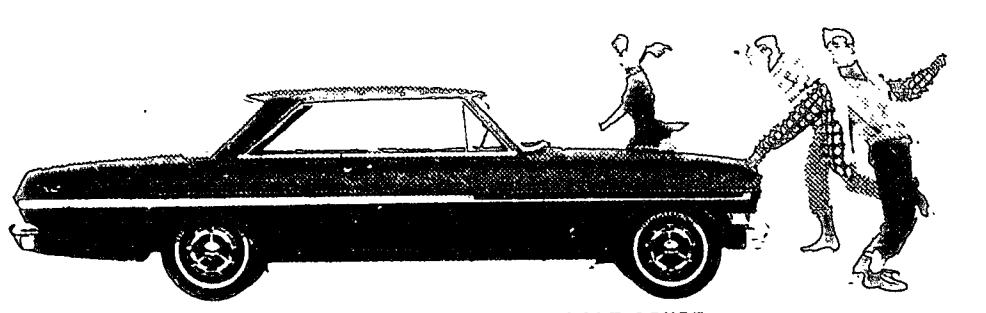

will make you think that ice and snow are kid stuff; and for pure adventure, America's only sports car, *Corvette*—now in two all-new versions with looks that can stop traffic like a rush-hour blizzard. Picked your favorite already?

The next thing is to take the wheel at your Chevrolet dealer's. If that doesn't have you thinking of places to go, maybe you'd rather just have a ball around town!

Blue Jeans vote memorial gift to heart fund

Blue Jeans Garden Club voted its annual contribution in the name of the May Russ Memorial to the Heart Fund when it met Monday at the home of Mrs. J. C. Goodloe with Mrs. J. P. Kowaleski presiding.

Plans also were made for the birthday luncheon noon March 18 at Amie's Restaurant.

Display ribbons were awarded Mrs. Vivian Maffei, Mrs. Mrs. Vivian Simms, cultivated and horticultural, and Mrs. Rousseau, miniature.

Mrs. Alfred Daspit read a paper on evergreen plants which are hardy to extreme cold or heat. Mrs. Frank Simmons won the entrance prize. Others present were Mademoiselle Rose Cope, Irene Griff, Kurt Rheams and Gertrude Robertson.

Harris-Freeman nuptials slated

Miss Patricia Ann Harris of Hartford, Ark., and her fiance, Robert B. Freeman, son of Mr. and Mrs. Gerard Freeman of Bay St. Louis, have selected March 8 as the date for their wedding which will take place in Hartford.

The bride-elect, daughter of Mr. and Mrs. Major Harris of Hartford, is a senior at Sparks Hospital School of Nursing. Mr. Freeman is employed in Ft. Smith, Ark.

Farm field events planned by council

Tentative dates for field days

and tours this spring and summer were made by the Hancock County Coordinating Council meeting last Wednesday in the Agricultural Center. Present were Chairman O. O. Swords, Secretary Hugh Sanford, John Smith, Max Spone, Mrs. Norton Hass and Charles Carter.

Proposal calls for sheep field day in April, forestry field day in May, dairy field day in June, pasture tour in July and beef cattle field day in August.

Polly peers

As at Tuesday, more popularly known as Mardi Gras, draws closer so much is going on we hardly know where to begin. For the benefit of many new residents, some of whom will be taking part in Carnival activities for the first time, we'll explain that the frantic gaiety of balls, parades, parties and the like which must appear almost overwhelming when viewed initially, will come to a screaming halt promptly at midnight Tuesday, Feb. 26, and for the next 20 days solemnity will prevail — come Easter — well that's another story and you'll find out for yourselves when the time comes.

At the Denizens ball

One of the better parties around took place at Bay-Waveland Yacht Club Friday night when Denizens of the Deep paid homage to King Neptune. Henry Chapman and his lovely queen, Alice (Mrs. William) Pitcairn who reigned in pink chiffon draped in the Grecian manner accented with a large cabbage rose at the waist line. Maida Jo Cox, Virginia Wagner, Helen Plunkett and Margaret Shadoin were lovely in vibrant blue, seafoam blue-green, mauve and rosy beige in the order named. Glad to note Helen Plunkett felt up to attending as she had taken on the task of decorating the club and several days before the affair, felt as if she were about to succumb to a virus.

One of the sidelights of this gala affair might have been considered a tragedy if the ladies involved possessed less of a sense of humor. . . . Ebbe Clark and Ada Whifield arrived, both looking lovely and wearing absolutely identical dresses!

Speaking of viruses—hope no one else connected with S.J.A.'s ball is so stricken—Jimmy Travirca arrived to take over his end of decorating the gym Friday night and was forced to dash home almost immediately—virus—and the same thing happened to E. M. Brignac shortly after he arrived to supervise lighting for the affair the next day.

Of course speculation as to the identities of the king and queen is on just about everyone's tongue at the moment. . . . we've heard lots of guesses and the range covers just about everyone of voting age (and a few under 21) in Hancock County. We can tell you this, if preliminary sketches are followed out, the decorating scheme alone will be well worth the admission price of \$2.

Small world department

When Mrs. James Evans entertained a group of friends at coffee last week, Mrs. J. W. Clark here from Knoxville, Tenn., visiting daughter-in-law, Ebbe and Jay Clark, and Mrs. Abbie Porter of Mobile, a guest of Mrs. Winfield Partridge, were among the guests. The ladies kept glancing at one another each detecting something familiar in the other's face — a few moments of conversation brought forth the fact that they had been playmates as very small children and hadn't met in the interim of over 30 years.

So very sorry to hear that Margie (Mrs. Cyril) Glover is back in Hancock General. She enjoyed her first outing, lunch with Louis Kothmann at Heverly's last Wednesday and was so enjoying her release after nine weeks of hospitalization, Margie's daughter-in-law, Martha (Mrs. John) Glover, also gets a get well wish—she suffered a fractured elbow last week, as does George Heitzmann. . . . he's suffering from a rich man's ailment anyway—he has gout.

Jenny (Mrs. Randolph) Bourgeois has returned home after spending the past month in New Orleans where she visited her daughter Leboria and son-in-law, A. C. Sager. Leboria had an operation but is now well on the road to recovery.

Matt on skates

Haven't had the opportunity to question Matt Kergosien as to how she fared on ice skates but hear she took up the sport for the first time on her recent visit to St. Louis. She, Horace, Barbara and Bert Quigley were guests of former Bay residents Betty and George Bensabat who are now making their home in Webster Groves, Mo.

Dr. Walter Hays' speech at last Thursday's meeting of Bay-Waveland Garden Club, had his audience's undivided attention—the subject being camellias of varieties strong enough to survive cold weather—the ladies kept him busy spelling unfamiliar names.

The Pete Necesies were more than a little upset after their St. Charles Street home and all possessions were destroyed by fire a couple of weeks ago. . . . The blaze occurred when Pete was a patient in Gulfport Memorial Hospital—and we're sure the conflagration did nothing to assuage his ailment—ulcers, but they are so grateful for generosity and assistance of friends and neighbors that they're still in sort of a dozen—Mrs. Necesie was both overwhelmed by so much kindness.

Perhaps it's just as well we're wishing Clara Seuzenau such a belated happy birthday—the date was Feb. 17 but as she was running such high fever in her hospital bed (Asian flu) she wasn't even up to opening the many lovely gifts she received. Husband George was bitten by the same bug but returned to work on Tuesday.

Joe Griffin was another birthday celebrant—Lillian and children Patricia and Joey went to New Orleans for a family party at the home of Lillian's parents Saturday Feb. 16.

Betty Kennedy is literally speechless. . . . not with joy, however, she has laryngitis.

Saturday must have been Indians' night out—dining at Heverly's were Lorraine and Henry Cupidgian, Yvonne and Norman Bensabat and Peasey and Von Bradford.

D.J. Murphys mark 60th anniversary

Mr. and Mrs. D. J. Murphy of Napoleon celebrated their 60th wedding anniversary Sunday afternoon with an open house at the family residence attended by a gathering of some 125 relatives and friends. The occasion also was the birthday of Mrs. Murphy, native of Glynn, Mich., who moved to Mississippi when she was 13.

Mr. Murphy, 64, was born on the family farm in Napoleon and he and Mrs. Murphy have lived in the same home on the original estate, since 1910.

The couple's seven living children were present for the celebration and one son, Philip C. Murphy and Mrs. Murphy of Gulfport, who were observing their 25th anniversary on the same date, received a surprise anniversary cake.

Three other sons, Clifton E., Murphy, Daron Murphy, both of Long Beach, and Don Murphy of Gulfport, and three daughters, Mrs. Ollie M. Rose, Mrs. Katherine Turley, both of Long Beach, and Mrs. Nancy Rose of Pearl River, also were present. A fifth son, Kenneth, died in 1959.

The Murphys have 18 grandchildren and eight great grandchildren, all but eight of whom were at the celebration.

Rev. William Fordham, formerly pastor of Napoleon Baptist Church and now of Pearl Baptist Church, gave the prayer and anniversary sermon.

White stock, chrysanthemums and gladioli decorated the reception rooms. A white linen cloth covered the dining table which held a large square three-tiered anniversary cake made by the couple's oldest granddaughter, Mrs. Lewis Ward of Long Beach who also is the namesake of Mrs. Murphy. Topping the cake was a white 60 hung from a wreath and entwined with flowers.

Mrs. Murphy was presented a white orchid corsage by the great grandchildren, Sally Lynn and Ted Ward.

Many gifts were presented to the couple and well-wishers came from San Francisco, Calif.; El Paso, Texas; Mobile, Ala.; New Orleans, Picayune, Slidell, Purvis, Gulfport and Long Beach as well as locally.

Dave McDonald was guest speaker last week at Hancock North Central School. Each Tuesday the students listen to men of different occupations. Mr. McDonald's subject was the construction business.

A chess club is being organized this week under the supervision of H. Williams, a teacher at Hancock North Central. Since the beginning of school students have met at noon in Mr. Williams' classroom to play chess and to learn the game. There are now three chess sets and Mr. Williams wants to organize a club so the students can meet during activity period.

The F.F.A. Gulf Coast council platform events were last week. The HNC Chapter had nine contestants. Howard Lee, H. Lee, Jimmy Smith and Lavern Sanes, all seniors entered parliamentary procedure. Stenning Murphy, sophomore, was in the public speaking contest. His subject was Why I Want To Be A Farmer. Sammy and Tommy Cuevas, Jessie Lee and Wendell Ladner entered the band contest and placed first. They will go on to South Mississippi contest next.

Edna Moran was out of school last week after falling heir to the flu bug. This reporter has inherited someone's reject. While writing this we have a thermometer in the mouth and a thermometer all over the nightable.

The White Cypress youth center was a scene of birthday party for Miss Gloria Ann Ladner last week-end.

The music was supplied by Wendell Ladner, Sammy and Tommy Cuevas, Bernie McKay, and Vernon Ladner. Refreshments were served by Mrs. Melvin Ladner, Joseph Cuevas and Miss Garcia Mae Ladner. Gregg is a student in the eighth grade.

Am Lee was in New Orleans this week to see her eye doctor.

HNC and Gulfport fans both were going wild as the final of the Sub-District tourney ended. The Hawks fell prey to the Commodores in a three minute play-off, 57-55, in the most tense game I have ever witnessed. Many students feel the after-effects of that game this week.

Gulfport nips Hawks in overtime finals

Hancock North Central's Hawks came within inches of claiming the 1963 District 8-A-A boys basketball championship, but lost 57-55 in overtime to Gulfport in the tournament finals Saturday night at B. Frank Brown gym in Gulfport.

The Hawks, however, advanced to this week's South Mississippi State A-AA event at Laurel where last night they went up against Big Eight state champion Hattiesburg, easy winners over Gulfport earlier this month in Big Eight semifinal competition.

The tournament final found Coach Billy Sills' quintet with victory within reach, only to see a solid Gulfport team come from behind in the waning seconds of regulation time to knot the score and then win in a three-minute overtime.

A layup by Commodore guard Jerry Gautier with 20 seconds remaining accounted for the Gulfport triumph. North Central fell

Sideliners set independent cage tournament rules

Rules and regulations have been announced covering the third annual St. Stanislaus Sideliners Club Independent Basketball Tournament scheduled March 11-16 at the Stanislaus gym.

All entries are due by Monday, Feb. 25. A large field is expected in an attempt to dethrone defending champions Plummers' men and Picayune Drug women.

Included in this year's rules is a provision stating that no college player of the current school year is eligible to compete. Each team in the women's division is allowed 12 players while men's rosters must be limited to 10.

Winners and runners-up trophies will be awarded in each class, and a sportsmanship award will also be presented.

SSC Athletic Director Brother Dacian, tournament chairman Red Davis and Sideliners Club President James Travirca announced that brackets will be released next week.

ing of Bay High girls, and Eugene Ladner, Berlin Ladner and Lionel Hodes of Hancock North Central were picked to the team and received individual trophies.

behind early 12-4, but quickly tied the count and went ahead late in the first half. The Hawks led 51-49 when Gulfport's Butch Morgan connected with a long set shot with only four seconds left to send the game into the extra period.

North Central jumped to a 55-53 lead in overtime, but a Commodore goal with 50 seconds to go tied the score once again, and when Favre missed a foul shot with 30 seconds left Gulfport calmly brought the ball down and Gautier sank the winning points. The Hawks tried for one last shot, but couldn't make it good.

Favre was the leading Hawk scorer with 17 points. Berlin Ladner scored 16 and Lionel Hodes 13. Forward Eugene Ladner, usually a high scorer, was held to only two points. Gautier paced Gulfport with 15 markers.

Had the Hawks downed Gulfport, they would have played Meridian in first-round South Mississippi competition. Meridian isn't considered to be nearly as strong as Hattiesburg, and played Gulfport.

If victorious Wednesday, the Hawks play Friday and Saturday nights for positioning in next week's State A-AA boys tournament. A win last night would have advanced North Central into the state tourney.

In one of the most thrilling basketball games ever played on the Mississippi Gulf Coast, the Hancock North Central Hawks edged past Harrison Central 60-58 in double overtime Friday night to advance to the boys' finals of the District Eight A-AA Basketball Tournament at Gulfport.

Over 3,000 persons, largest crowd ever to see a basketball game in Gulfport, witnessed the contest and many saw very little of the action. Row after row stood around the court, and some couldn't get in the gym for a long time. The atmosphere was perfect, the teams were near-perfect, and all who saw the contest agreed it was fantastic.

It was obvious North Central was going to have a good night from the very beginning when junior forward Berlin Ladner ripped the cords consistently with jump shots. It was the same Berlin Ladner who with two seconds left in the second three-minute overtime period sank a 15-foot shot.

Tigerettes drop semi-final to Pearl River

The Bay High Tigerettes trounced East Central 30-26 Wednesday in first-round District Eight A-AA Basketball Tournament action, but were eliminated 54-47 in semi-final play by Pearl River Central of Carrabelle.

The semifinal contest found the locals giving away too much of a height advantage, and PRC's tall forwards were continually able to break loose for wide-open layups. Bay High trailed 16-12 after a close first quarter, but the Blue Devil sextet pulled away from there on. Coach William Seymour's charges narrowed the gap to six points in the fourth stanza only to fall short.

Susie Doering, senior forward playing her final game, scored 21 points for Bay High. Sophomore Melva Luke tallied 18 in support.

Bay High poured on the steam

in first-round play, leading 14-9,

31-11, and 42-19 by quarters and

playing reserves part of the way.

Melva Luke delighted onlookers with some fancy driving layups and outscored the entire

East Central team with 29

points. Patsy Carver was also

in double figures with 10 markers.

jump shot to account for the Hawk victory.

The lead switched back and forth for three quarters, but North Central at one point grabbed a six-point advantage in the second half only to watch Coach Roland Ladner's arch-rivals bound right back into the lead.

The Rebels maintained a slight lead most of the final scheduled period, before the Hawks pulled ahead in the last minute. A long jump shot by Reb sharpshooter Gayle Farmer tied the score with 30 seconds left and Harrison Central quickly regained possession with a steal. However, with the official clock on the blink and almost no way of knowing the amount of time left, the Rebels didn't get a shot away before the buzzer sounded.

With forward Eugene Ladner swishing the net from the corner with set shots twice in a row in the first overtime, the Hawks pulled out to a two-point lead with only seconds remaining. A desperation rebound shot by center Jimmy Doherty as time ran out again tied the score, though, and forced another three minutes of play.

A jumper by Farmer gave the Rebels a 58-56 lead early in the second overtime, but the Hawks' Berlin Ladner with about one minute left took a rebound off the backboards, dribbled the length of the court, and hit a layup with three Harrison Central defenders hanging on. When the Rebels missed a shot with 10 seconds to go, Berlin Ladner's game-winning shot rested neatly in the net to the delight of all Hawk fans in the gymnasium and by their radios.

Berlin scored 21 and Eugene 16 for North Central. Gayle Farmer had 26 to lead all scorers. Paul Ladner and Edwin Duncan scored 13 and 10, respectively, for the losers.

Harrison Central, thus, despite having one of the best records in the state was eliminated from further competition.

In first tournament round play, North Central had no difficulty getting by Petal, winning by 20 points. Berlin Ladner again was the big gun, scoring 19 points.

LAKESHORE LOG

BY MRS. MALCOLM GREEN

The D. H. Holmes Minstrel Show was presented in Gulfview School gym Saturday night to a small but enthusiastic audience. A wake and teen-age dance in Clermont Harbor cut into our attendance, but did not hurt our advance sales. I'd like to thank the performers from Holmes for their donation of time and labor, thanks to Lucien Kidd for the loan of his public address system, Arthur Smith for work on it, Buddy Seal for installation, Francis Lee and Fred Johnston, door sales, Mrs. Oren Seal, Mrs. Milton Stauffer, Mrs. Arthur Smith, Mrs. Fred Johnston and Mrs. E. Lee for work in the concession stand, Marcello Schwartz and Louise Green, cake sales, Oren Seal for last minute errands and all who attended.

Harvey O'Farrell was transferred from Hancock General Monday to Memorial in Gulfport where he will undergo major surgery.

Our deepest sympathy to Mrs. Clara Hill and her son, Kenny of Clermont Harbor. Mr. Hill passed away last week in Savannah, Ga.

This past week was an especially happy one for parishioners of St. John's Catholic Church here. The foundation was laid for a new church after many years of hard work by the members and priests. Father Raphael Toner who formerly had this parish would be so happy to hear a dream is finally becoming a reality.

Mr. and Mrs. Gordon Gar-Polly peers ...

(Cont. from Page 3.)

Cigar enthusiasts might do well to search for Marcus Kueck—Mrs. Kueck presented him with their second son, Kevin Ray, who weighed in at seven pounds, three ounces at 10 p.m. Feb. 18 at Hancock General.

The thief flees

Freddie Gerstner arrived in Clermont Saturday to inspect damage and check for missing articles after being told that his summer home, Gerstner's Villa, had been broken into last week—he found cut screens, broken window panes both in the house and garage, but as far as he could determine, nothing of consequence was missing. His house was one of three entered last week and Joe Rousseau unwittingly almost caught one of the thieves red handed. Neighbors from New Orleans had opened their home, spotted signs of burglary, lighted the garage, then left to phone law officers. Joe, seeing someone moving the portable barbecue grill in the garage assumed it to be his friend, casually strolled up the driveway—the barbecue mover dropped the grill, leaped the fence with the agility of a gazelle, hopped into a car which was obviously nearby and disappeared into the night—Joe still shivers when recalling the experience.

Adele Parks, Hazel Breland and Louise Burklin accompanied Bea George to the ball given by her Krewe of Gemini at the Municipal Auditorium last Tuesday night. The gals dropped in at Pat O'Brien's before returning home.

Margaret (Mrs. Waldo) Odie might as well open a tourist service so many calls and letters has she received as Gulf Coast Garden Club Pilgrimage chairman.

SIGHTS AND SOUNDS ALONG THE WAY—Almost solid sheets of grey rain form horizontally on the cutting east wind, really rough seas foaming over beaches for the first time in ages, the strange sight of a large bear resting a ground at Clermont Harbor and the harsh sounds no sea gull screech to be heard above the wail of the wind.
